

Trondheim Leilighetshotell

During 2005 Trondheim Leilighetshotell has taken several steps to keep us in the forefront as possibly the best accommodation concept in Trondheim.

All single/double rooms, apartments and suites were refurbished in 2005.

The whole hotel is now specially adapted to suit people who suffer from asthma and allergies. All rooms have been converted to non-smoking rooms. Smokers have a smokers' balcony with an ashtray right outside their rooms. The whole hotel now has wireless broadband Internet, and our guests can also print their documents with wireless communication to the printer.

We offer more than a normal full-service hotel, and are now the only hotel in Trondheim to offer:

- Free coffee/tea 24 hours a day
- Free parking
- Free laundry
- Free cable TV on 32" widescreen TV.
- Free wireless broadband Internet
- Free bicycle hire.

All our hotel rooms provide our guests with much more space and freedom of use than an ordinary cramped hotel room can offer. This gives each guest the feeling of living at home.

All our room types include a separate well-equipped kitchen with a wealth of equipment. This enables our guests to eat and to cook at the time and in the clothes of their own choice.

Our housekeeping staff clean the rooms every day, and change used towels and bed linen as needed. The hotel offers breakfast and other food and beverages. The hotel's reception and room service are staffed 24 hours a day.

Trondheim Leilighetshotell is also one of Trondheim's most reasonable accommodation possibilities, and every time you stay at our hotel, it saves money for you or your organization!!
